Note Report

Note Name
All Items WS - information
Borrowing WS - information
Customer Rating WS - information
Ordering WS - information
Views WS - information

ToadTM Data Modeler
FREWARE VERSION

-

Note 'All Items WS - information'

Display notes:

- IE notation
- Customer and Customer Rating tables in special Category
- Indexes displayed
- Logical names displayed
- View and View relationships

Note 'Borrowing WS - information'

Display notes:

- Notation IDFlX
- Relation between entities Customer and Borrowing is not visible.
- Table Customer formatted
- Table Exemplar displayed twice (Two Shortcuts visible)

Note 'Customer Rating WS - information'

Display notes:

- IE notation
- Display level set to "Keys" in the Film entity.
- Graphical representation of keys in the Customer Rating entity
- Columns aligned in the Customer Rating entity

Note 'Ordering WS - information'

Display notes:

- IDFlX notation
- Graphical representation of keys
- Right angled lines
- Fully colored boxes

Note 'Views WS - information'

Display notes:

- View and view relationships
- Line from note to View
